

WORKSHOP

In partnership with
Cayton Children's Museum and PBS SoCal

Presented by

What you can expect

Family Math is a research-based program that focuses on building math positivity, confidence and knowledge of foundational math skills for children ages 2-5. Family Math equips parents and caregivers with strategies and resources to facilitate meaningful math experiences at home through playful learning and hands-on activities.

*Dinner and free museum day passes included.
Parking Validation for 90 minutes.
