Connections For Children Referral Policy

Connections For Children (CFC) provides child care referrals to parent seeking child care in licensed family child care homes and licensed center base programs as well as legally licensed exempt programs within our specified service area. Consumers are offered a variety of child care options ranging from family child care homes to child care centers. CFC does not make recommendations regarding any provider, we only offer referrals and information on choosing child care, to empower parents to select the best type of care for their individuals child's needs. CFC strongly encourages parents to visit facilities prior to making the final decision for child care arrangements. Responsibility for selecting a program rests with the parent or guardian. CFC does not discriminate against any individual or group based on race, creed, religion, national origin, sex, age, handicap or income. Service is provided to all persons requesting them regardless of eligibility factors. Confidentiality of parent and providers is maintained.
